

SIM117 — Level-2 Recursion Field: FAIL

SIM117: Scale Tension

SIM117: 3 Structural Failure Modes

Failure 1:

Scale tension: $r_{\text{xi}} \gg R_{\text{gal}}$ for all physical scales

Failure 2:

Profile mismatch: $\text{DM} \propto \text{baryon} \rightarrow$ falling curves, not flat

Failure 3:

Psi instability: memory accumulation at early times
